

Beam

Mario Ferrarini - 2018

Designing emphasizes shapes, materials and technology. Beam, in the fix and extendible versions, enhances the symbolic value of table showing itself, thanks to its lightness, almost suspended, held on the ground only by the geometric legs.

Available models

Fixed or extendible table (with 1 or 2 leaves cm 45 deep), steel and aluminium frame. Top and leaves in light MDF, 25mm thickness. Available in many finishes: wood, Fenix and laminate. Extruded aluminium legs, lacquered or wood veneered in the same colour as the top. Connecting beam between the legs in steel, available in many finishes.

Beam Fix

height
74 cm

measures
90 x 140
90 x 180
90 x 200
100 x 240
100 x 300

Beam Extendible

height
74 cm

measures
90 x 140 (185 / 230) cm
90 x 180 (225 / 270) cm
90 x 200 (245 / 290) cm
