

Mini Clay - Canvas

Marc Krusin · 2023

Mini Clay also wears the most recent Canvas finish: the elegant and light canvas capable of gracefully enhancing the sinuous design of the table. An original finish obtained from the interweaving of natural fibers, which surprises for its visual and tactile impact, the application of which is the result of skilfull craftsmanship.

Available models

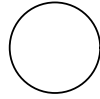

Coffee table with rigid polyurethane base and top in MDF entirely covered with natural textile fibers dyed with water-based pigments.
